Wholesale Price List to the Trade.

FALL, 1906  
and Spring, 1907.

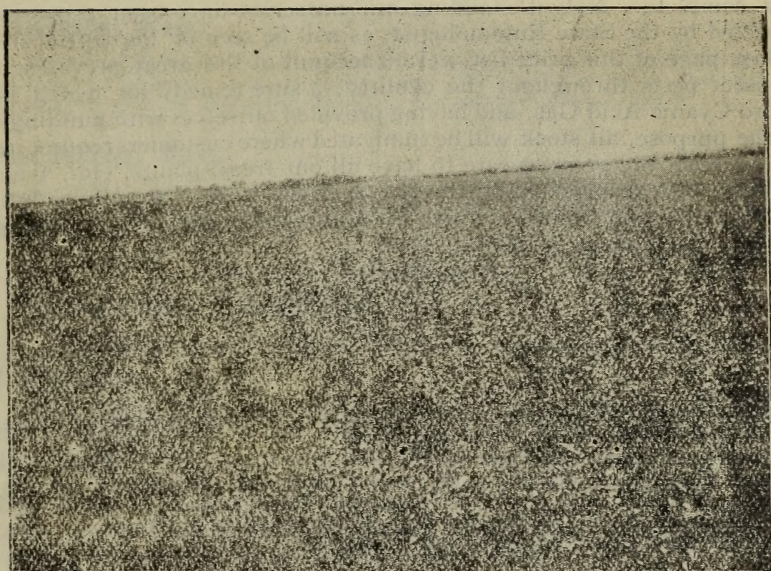

Southern Nursery Company

(INCORPORATED.)

Winchester,

-

Tennessee

1,000,000 Mahaleb Cherry Seedling at Budding Time.

### NOTICE!

We want to call your attention to our planting of Mahalebs, nearly 1,000,000 Seedlings. We have just finished budding (August 25, 1906). The buds have taken well, a good prospect for a fine lot of cherry trees later on. Can't we contract to furnish you a car or more for future delivery, assuring you of fine stock at a reasonable price?

# Fall 1906 and Spring 1907

In presenting our trade list for Fall 1906 and Spring 1907, we wish to thank all our patrons for past favors, and we hope by honorable dealing, to merit a continuance of their esteemed orders. The stock offered herein is all young and thrifty and well graded. Our stock of apple, pear, plum, cherry, peach, etc., is particularly fine. Our roses promise to be very fine.

All orders received by us have personal and prompt attention and we guarantee reasonable satisfaction in every case, as hundreds of unsolicited testimonials now on file fully attest.

With our large packing house and system of water works distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of nursery stock is very complete. Notwithstanding our nurseries have been properly inspected by the State Entomologist, as will be seen by his certificate on last page of this price list, yet on account of the great prevalence of insect pests throughout the country, a sure remedy for which is Hydro Cyanic Acid Gas, and having provided ourselves with buildings for the purpose, all stock will be fumigated where customers request it. We exercise the greatest care to have all our trees, plants, etc., true to name. We are located on the N., C. & St. L. Ry., 80 miles south of Nashville and 30 miles North of Huntsville, Ala. Our freight rates are the same as Nashville, Tenn.

Respectfully,

SOUTHERN NURSERY CO.

---

## Terms

Cash or satisfactory references. If we have had no dealings with you, please send reference with order and thus save time.

To prompt paying customers we will allow 30 to 60 days when desired. To Northern nurserymen, desiring to lay in stock for Spring trade we will ship in Fall or early Spring, and allow time for payment till June 1st.

Prices herein given are subject to change without notice, and the prices ruling at the time when an order is given will be charged.

## Rates

For hundred rate add one cent per tree to the thousand rate, and for rate per ten add two cents to the thousand rate. All orders for three hundred trees or more will be billed at the rate per thousand if not less than ten of each variety. Orders for less than three hundred trees will be billed at hundred rates, and for less than ten at ten rates. We do not bill less than five of any variety. Orders should be made in multiples of ten as near as possible.

## Grades

Our grading is done in some cases by caliper, and others by height. When graded by both, the caliper must govern. The higher number is always excluded and the lower included. The height, when named with the caliper, is only considered approximately. If you wish 5 feet trees, the 5 to 6 grade must be ordered, etc., etc.

## Guarantee

While we exercise the greatest care to have all our trees, etc., true to label and hold ourselves in readiness, upon proper proof, to replace all that prove untrue to label free of charge, it is mutually understood and agreed that our guarantee of genuineness shall in no case make us liable for any sum greater than the amount paid for the trees, etc., that shall prove untrue.

## Season and Shipping Directions

Our packing season usually begins October 1st, and continues till March 15th. We do not accept orders for trees we do not grow. Each order is taken up separately and not until ordered shipped, hence our trees go forward in fresh and perfect condition. Please give explicit shipping directions, and whether you wish trees shipped by freight or express. When no shipping directions are given we forward according to our best judgment, but in no case do we assume any responsibility as to condition and delivery after the trees, etc., have been properly forwarded by us.

## Claims, Etc.

No claims for deduction, from whatever cause, will receive consideration unless made immediately upon receipt of trees. We are always ready and willing to make things right where the claim is a just one and properly made.

## Packing, Etc.

We pack in boxes and bales. Our packers are men of experience and second to none. We have a great many letters on our files commending our packing. We charge for boxes as follows:

8 to 9 feet by 30 inches.....	\$2 50
8 to 9 feet by 24 inches.....	2 00
8 to 9 feet by 18 inches.....	1 50
Bales, 25c to 50c each.	

## Caution

We accept all orders upon the condition that they shall be void should any injury befall the stock from frost, hail, storm, fire or other causes over which we have no control.

## Substitution

We do not substitute without permission. Please state what varieties we can substitute in case we are sold out of the varieties ordered.

**Cipher**—For convenience in telegraphing we give a cipher word in CAPITAL LETTERS for each grade.

---

## Apple TWO YEARS

	Per 1,000
5 to 7 feet, $\frac{3}{4}$ to 1 inch, well branched.....	ABOUT 60 00
